## **DETAILED ACTION**

### ***Allowable Subject Matter***

1. Claims 1-6, 8-23, 25-39, 41-49 have been allowed.

The following is an examiner's statement of reasons for allowance: The primary reason for allowance of claims 1-6, 8-23, 25-39, and 41-49 is the inclusion of the limitation of an inkjet printhead, a printer system incorporating the inkjet printhead, and a method of ejecting a drop of an ejectable liquid from a printhead that includes "at least one heater element is deposited in a plane parallel to both the planar support surface and the planar nozzle plate such that it forms a suspended beam positioned for immersion in the bubble forming liquid so as to be in thermal contact therewith". It is this limitation found in the claims, as it is claimed in the combination that has not been found, taught or suggested by the prior art of record, which makes these claims allowable over prior art.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
